

Please read these instructions before your appointment

- 1. UNDER 16 YEARS:** Children under 16 years must be accompanied by their parent or guardian. Their parent or guardian must bring their NIN and ID (passport), also the child passport as this is required for the child to complete their enrollment.
- 2. BANK VERIFICATION NUMBER (BVN):**

If you have a Bank Verification Number (BVN), it is important to please bring it with you for your NIN registration. A NIN may already be associated with your BVN. If so, the NIN is only reserved and not validated. It only becomes valid after you are registered and have your biometrics captured in the NIMC database.

Note: If you choose not to share your BVN or you have forgotten it, and a NIN has been reserved for your BVN, an error will result, and you will need to register again at your cost.
- 3. APPLICATION FORM:** Please download the application form, fill it out completely and bring it with you to your appointment.
- 4. IDENTITY CHANGE:** If at some point you have changed your name, please make sure to bring the documents that proved this. (For example, Newspaper publication etc.)
- 5. PROOF OF IDENTITY:** Please bring along with you your Nigerian passport. If your Nigerian Passport is expired, please bring some other valid and current government-issued proof of identity (e.g., a driver's license,) with the same details as that on your Nigerian passport.
